

# BioMap Alaska Datasheet

*\*Datasheets are for your own convenience in the field. Please upload your observation and any photos/videos to our online database at [www.biomapalaska.org](http://www.biomapalaska.org). Report on only one animal; if there is more than one animal, elaborate with more information at the end of this form in the anecdotal field.*

Name of observer: \_\_\_\_\_

Date: \_\_\_\_\_ Time of observation: \_\_\_\_\_

Species (name of organism)				
Was one or more of this same species observed?	Y / N (if so, approx. how many were there? Estimated or measured?)			
Sex (circle one)	male	female	unknown	mixed group- NOTES:
Age (circle one)	adult	juvenile	unknown	mixed group- NOTES:
Weight (lbs., kg, oz., g)	___ lbs. ___ oz. or ___ kg ___ g			(estimated or measured?)
Length (inch., cm., ft., m)	___ ft. ___ in. or ___ m ___ cm			(estimated or measured?)
Photos or video taken?	Y / N (please upload on website)			
Location of observation	Latitude & Longitude:			(estimated or measured?)
	Description of location:			
Area description				
Ocean Conditions (circle one)	Calm	Choppy Swells/Waves	Land-Fast Ice Present	Sea-Ice Present
Weather (circle one)	Sun	Clouds/Partly Cloudy	Rain	Fog Snow Wind
Air Temperature (circle unit)	_____ °F °C			(estimated or measured?)
Water depth & Temperature where organism was observed (circle one or write measured)	On Land	On Land-Fast Ice	On Drifting Ice	(estimated or measured?)
	Water Depth:	0-100 ft	501- 1000 ft	101-500 ft > 1000 ft
	Water Temperature:	_____ °F °C		
Activity you were doing at time of sighting? (circle or note)	Hunting	Fishing	Diving	Boating Beach Combing
	Research	Other _____		
Any other anecdotal information related to the observed species or its environment
